

YOUR DEBT Unfortunately, we are cash starved again. Our great influx of new members means a heavy, new personal debt load leaving only \$500 in the bank to operate. We have current obligations requiring payment now of \$750 for green wool; \$700 for our 1992 insurance and \$410 for buff leather. In the past, the unit would simply have borrowed from G.K. Watt to tide it over; however, this isn't possible at present. *We must have ALL of the 'old' debt paid up.* Here's your personal position.

PROMOTIONS IN THE FIRST BATTALION

Promoted to second Corporal in No.1 Section Grenadiers is Bruce Grundy. Bruce has already illustrated his competence at the drills and is a welcome addition to the NCO corps. If he keeps going to that barber he'll soon be Major General.

Promoted to Corporal in No.1 Section, Major's Coy is Andrew Weston. Andy's extensive service on the Continent have hardened him for this additional duty and before he gets soft and flabby in the luxury of the King's 8th, the Yorkers will redeem him.

EVENT REVIEW - QUEEN'S YORK RANGERS CEREMONIAL PARADE

Many, many thanks to all members who attended this event and helped to pay our dues to this regiment in a very positive and well-appreciated fashion. In particular I would like to thank those who attended both the rehearsal and the actual event, a labour of great duty, believe me.

I would also like to recognize those members who drove so far and made the event a success. Members from London, Niagara Falls, Acton, Fonthill, St. Kitts, Guelph & Kitchener.

Our Museum also fielded a Section of the 20Bn who were particularly smart on parade and received many kudos for their marching.

A surprising and pleasant aspect after the event was the widespread base of thanks that came from QYRang Private soldiers, up to senior Officers, up to Regtl Council members.
